taken in the cases of the men in this city and Manchester who have gone back, but this was not done last night.

A striker named Wells applied to the company, received an application blank and filled it out, but instead of turning it in to the company turned it over to Mr. Griggs, and Mr. Orr had it in his possession last hight. Mr. A. H. Brady, who was reported as having applied to the Petersburg superintendent for a position with the company, emphatically denies that he made such application, saying that he has been in the country and had never since the men went out made such an application.

At the offices of the company yesterday the total number of strikers who have gone back to work on the lines in this city and Manchester and suburbs is placed at thirty-eight, and the number who have returned in Petersburg at twenty-three, making sixty-one in all. The strikers claim that only eleven have returned to work in Petersburg, which added to the thirty-eight on the company's books as having sone back in this city and Manchester, would make the number forty-mine. T. F. Watkins, a striker from Petersburg, came to this city yesterday and applied for work. He was directed to make application in Petersburg.

Four more of the strikers made application to the company for work yesterday at the Reservoir and were enrolled as extra men. They are Conductors C. D. Davis and J. M. Ragland and Motormen R. L. Jones and S. L. Cooper.

Two men and a boy were arrested last night near the car line to Seven Pines between Q Street and the Nine Mile Road, on suspicion of being in the act of attacking a car. The arrests were made by County Officers W. A. Martin and O. H. Townsend. The trio are Willie Colinsworth, Garnett Colinsworth and Chris Geille. One of them had a breech-loading shotgun, one barrel of which had apparently just been fired, the other a rific and the other a stone in his hand. It was believed it was their intention to attack a Seven Pines car. The cases will come up for hearing before a county magistrate probably to-day. It was just after dark and the three were said to have been in a field near the line just as a car was due to leave the Twenty-ninth and P Street terminal.

The Auto-'Bus Line.

The Auto-'Bus Line.

The movement to start an automobile 'bus line for the transportation of passengers is takink shape. The company has organized by choosing these officers: F. K. Gaff, president; S. B. Adams, vice-president; Robert Carroll, secretary and treasurer; W. J. Griggs, Daniel McCallum, D. G. Wilson, Ira P. Bland and G. B. Ely are the directors. The company will be capitalized at \$50,000, much of which has been gubscribed. Subscriptions are still being received. Various estimates are made as to the cost of the machines to be used, some placing them as low as \$1,000 each and others as high as four or five thousand dollars. No definite time for the beginning of operations has been announced yet, nor have the autos been ordered.

The company announces that it will adopt a new system of transfer whereby the color of the paper will designate from and to what line the transfer whereby the color of the paper will designate from one Traction car to another and from a Passenger and Power car to a Traction car; red transfers are good from one Passenger and Power car to another and from a Traction to a Passenger and Power car to to another and from a Traction to a Passenger and Power car. The color indicates the line to which he transfer is issued, and corresponds with the color of the car.

travel is steadily growing on various lines of the Passenger and Power Company is apparent to any one who imwas the sympathy of the public with the strikers more than in Manchester, yet even there the people are gradually resuming patronage of the cars. One ally resuming patronage of the ears. One hull Street car which went south a few minutes after 8 yesterday afternoon, for instance, carried sixty-seven passengers, about sixty per cent. of them white perfons. During the earlier hours of the day travel is not so heavy, but about the time people are returning home from work it is difficult to secure a seat.

Similar conditions are to be noted on what lives of the company. Even some Similar conditions are to be noted on other lines of the company. Even some of the members of unions which prescribe a penalty for riding are disregarding the flat of these organizations and risking the fines. So far, no case in which the fine has been imposed has been reported.

The Police Board declined last night to copen the cases either of Policemen E. R. Robinson or W. H. Baker, lately dis-

missed from the force.

This course was agreed upon after hearing a number of persons who had signed the petitions of each former patrolman. The only other matter hefore the board, so far as given out, was a statement from Mr. Michael McDonough as to why he did not appear before the board to testify regarding the conduct of Policeman Kuhn after having made complaint against him. Williams and a number of others appeared before the board and stated that they had signed the petition on the ground as represented to them that Mr. Robinson had not had time in which to summon witnesses in his behalf and that he did not realize the gravity of the charge against him. All of them testified to his efficiency as an officer. He had rendered Mr. Younger service in the instances of two fires in his store. Mr. Marcuse had found Mr. Robinson very efficient and energelle in the recent strike, when he was on duty at his factory, the Hasker and Marcuse. Unusual Spectacle of Circuit Meeting Without Betting.

(By Associated Press.)
CLEVELAND, OHIO, July 27.—Cleveanders were treated to-day to the novel sight of a grand circuit trotting meeting without pool selling, the courts having declared that it would not be allowed. ROME, July 27.—Almost all the cardinals of the conclave have now arrived. with a lengthy meeting of the congre-gation, which was notable for the cordiality with which Cardinal Gibbons was received. After the meeting the cardi-

nals received numerous visits at their

arjous residences. In well informed circles Cardinal Angelo Di Pietro is being talked of as a Cardinals Oreglia, Gotti, Rampolla or Serafino Vannutelli is unable to the necessary votes. Should Di Pietro be elected Pope he would, it is said, be the representative of the Rampolla-Gotti faction, and yet would be fairly accept-able to all.

faction, and yet would be fairly acceptable to all.
Cardinal Michael Logue, archbishop of Armagah, who, with the exception of Cardinal Gibbons, will be the only English speaking cardinal in the conclave, arrived to-day from Ireland. He said he believed that the successor to Leo would be quickly chosen. In his case perhaps the hope is father to the thought, as he said he did not look forward with a great degree of pleasure to being shut up in the Vatican during the present hot weather. Speaking of Cardinal Gibbons, the Irish cardinal paid him a glowing isbute, though, like all the prelates here, he held out no hope that the American cardinal hald the remotest chance of election.

"Indeed," said Cardinal Logue, "I think
Cardinal Gibbons would be a subject
for commiseration if the selection should
devolve upon him, for no American would

care to spend the rest of his life can."

ALL BUT TWO.

The Irish cardinal expressed the opinion that the question of sending a note to the Powers protesting against the treatmen of the Vatlean by the Italian Government should be left to the next Pope.
To-morrow Cardinal Logue will pay an official visit to Cardinal Oreglia, and then formally Join the congregation.

It is now practically certain that all the cardinals will be present at the conclave except Cardinal Moran, archbishop of Sydney, who will not reach Rome in time, and Cardinal Celesia, archbishop of Palermo, who is too ill to attend.

A proclamation was posted in the streets of Rome to-night inviting citizens to attend the annual commemoration of the death of King Humbert, which will take the form of a procession through the streets to the Pantheon. Early in the morning of July 29th, under the auspices of patriotic and other societies, the Italians will visit the tomb of Humbert, at the Pantheon, and decorate it with flowers. Commemorative exercises at the capitol will follow. For this event King Victor Emmanuel will return to Rome on Wednesday. Queen Margherita will arrive to-morrow.

The ecclesiastics view the approaching ceremony with some alarm, believing that the anti-clericals may take advantage of the opportunity to make a counter demonstration against the sympathy expressed all over Italy in connection with the death of the Pope.

PREPARING FOR CONCLAVE

The Amount of Work to Be Done is Enormous.

Enormous.

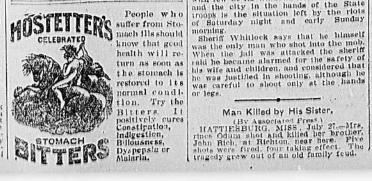

(By Associated Press.).

ROME, July 27.—The Vatican resembles an ant hill, so feverish is the work of preparing the part of that building set aside for the conclave. Before 1879 conclaves were held in the quirinal palace, one long wing of which was already without any special preparation. But in the case of the Vatican, apartments of three or four rooms for each cardinal have to be specially prepared and as there are sixty-four cardinals the amount of work involved is very great indeed.

The Slatine chapel, as in the case of the last conclave, will be used for the meetings of the cardinals and the balloting There, after three solemn funeral services which begin Tuesday, will be receted a throne for each cardinal. Assurances have been given that everything will be in readiness for Friday night, but there is much yet to be accomplished. CORDIAL GREETING FOR GIBBONS.
